

PEOPLE ON THE MOVE

Intercultural project

CALL FOR PARTICIPANTS

The associations Quatorze (Paris) and Zukunft (Berlin) invite 14 young adults (7 people living in Germany, 7 people living in France) to participate in their new project, organised in cooperation with the FGYO (the French-German Youth Office): People on the move, which will take place from 3 to 13 June 2021 near Briançon.

People on the move is an intercultural project aiming to address movement in several forms. The movement of people through the question of migration and exile; the movement of bodies through dance; and the movement of hands through work on the signage marking the end of the renovation of the Maison Bessoulie (see below). The work of the participants will be highlighted through a performance that they will prepare during these ten days and that they will present for the inauguration of the Maison Bessoulie. All formal times will be translated into French or German, so it is necessary that participants feel comfortable communicating in one of these languages. English is a plus.

Quatorze - The association Quatorze is a collective of architects and urban planners developing a social and solidarity architecture, at the service of local communities. With the United Federation of Youth Hostels and La Plateforme (inter-associative collective in solidarity with exiled people in the Hautes Alpes), and following a diagnosis of the hospitality toward exiled persons in the Briançonnais, a common project was born: La Maison Bessoulie, a third place that develops responsible tourism to welcome exiles

Zukunft - ZuKunst is a non-profit association that works to promote the performing arts and their accessibility to as many people as possible through artistic projects at both local and international levels. Art is seen as a means to fight social exclusion, inequality and gender discrimination. Zukunft e.V. is made up of international artists active in the fields of theatre, dance, circus and music.

Where and when ?

The project takes place in La Salle-les-Alpes from 3 to 13 June 2021. Participants will be accommodated and fed for the duration of the exchange at the Serre Chevalier Youth Hostel near the Maison Bessoulie. It is important that participants are present during the whole exchange.

Who can participate ?

The project is open to :

- Citizens living in France or Germany between the ages of 18 and 30.
- Refugees living in Germany or France aged between 18 and 30.
- Asylum seekers living in Germany aged 18-30.

People with fewer opportunities for mobility, from isolated or sensitive areas will be given priority, in order to respect the strategies of the OFAJ/DFJW «Participation and diversity». Participants must have a valid identity document for the duration of the meeting.

Participants will be asked to provide a negative PCR test less than 72 hours old upon arrival. Any costs associated with testing will not be covered, but should not be an obstacle to registration. Please contact us if you are unable to meet these costs.

No prerequisites are necessary to participate in the exchange, but a specific interest in issues of hospitality, exile, migration as well as an interest in performance, dance or movement is a plus.

Participation fees

The participation fee is based on a donation, we propose several scales depending on your income and/or possibilities: 0€ - 30€ - 60€. The money collected will be used primarily to support the possible costs of PCR tests for participants.

Travel costs are covered up to 100€ for people living in France and 180€ for people living in Germany. They will be reimbursed up to two months after the project. We commit ourselves to reimburse all participation and travel costs if the project is cancelled.

How to participate ?

Please send an email to marie.chiotti@zukunstberlin.com with your full name, address and motivation to participate in this project. An email will be sent to you by the organisation team confirming your participation.
